

NHCC SENIOR PASTOR EVALUATION 2007

NHCC Mission Statement

We believe that God is calling us through our unity in Christ to actively, consciously and deliberately commit ourselves to ministry with thanksgiving and celebration. With the grace of God's love, we seek spiritual growth, fellowship and service within our church and the greater New Haven area and beyond.

Please share your thoughts regarding the following questions as they relate to the above Mission Statement of North Haven Congregational Church:

1. What are Scott's strengths?

2. In what ways might he improve his performance?

3. What specific sermon topics would you like to see addressed?

4. Everyone has different types of contact with the pastor – some more so than others – some at different times than others. Has there been an aspect of Scott's ministry in the past year that has been of particular importance to you? Please explain.
